I have to confess I don't really understand. Will the attached sheet give him what he's looking for, or is the DED something he'd need to do his own searches in?

I don't know – I am unable to locate the DED online myself. I have a copy of the 2012) in a pdf so it is attached.

It's the latest version since CERCLIS is decommissioned.

Ethan just wrote to say that the online DED isn't working. Do we know what the issue is?

Here's the link to the site:

<https://cumulis.epa.gov/ded/>

He gets this error page whenever he tries to navigate the site or try to access a specific page from google:
